What the Film User Guide

Welcome to 'What the Film' a student made platform for viewing student, low-budget and public domain movies!

There are two ways to use 'What The Film'

1. Visit our website at http://www.whatthefilm.co/
2. Download our iOS app (pending app store approval)

Website

At the top of the site you can find our featured movies! These are movies that have been viewed by the What the Film team and are perfect for starting to explore what the site has to offer. Simply click on a featured film to watch it. Scrolling down the site, users can view movies sorted by genre. When you hover a film title a play button will appear, to view the film click on the play button. To scroll horizontally through a genre, click and drag over a film in that category.

Filmmakers can make submissions to the site by clicking our 'Submit a Film' link in the top left hand corner of the site.

App

Once the app is downloaded, use the interface to scroll through our films. Scroll vertically for genres and horizontally for titles. Click on the magnifying glass icon on the top right on the screen, to search through our films (must type in at least three characters for search to work).
